

**SEALED BIDS**, on forms supplied by the Contract Administrator, will be received at the offices of the Municipality of Bluewater until:

**1:00:00 p.m., local time Tuesday, February 13, 2018**

The proposed Municipal Drain is located in the Municipality of Bluewater servicing Lots 5 and 6, Concessions 5 and 6, in the geographic Township of Stanley, County of Huron.

The proposed work includes but is not necessarily limited to the following:

- The installation of approximately 468 m concrete drainage tile and HDPE pipe to be installed with a wheel trencher.
- The installation of one (1) road crossing composed of 20 m of high density polyethylene pipe, one (1) high density polyethylene culvert installed by the open cut method, and one (1) laneway crossing composed of 6 m of HDPE pipe by the open cut method.
- The installation of two (2) concrete catchbasins, two (2) concrete ditch inlet catchbasins, two (2) directional berms, and one (1) engineered berm c/w surface water inlet and buried surface water inlet.
- The completion of 35 m of existing open drain deepening including the installation of a stilling basin, a sediment basin, and two (2) sediment control structures.

A digital copy of the Bid Documents may be obtained, free of charge, from the Contract Administrator by contacting Lori Speiran ([lori.speiran@rjburnside.com](mailto:lori.speiran@rjburnside.com)).

A certified cheque in the amount of \$5,800 will be required as a tender deposit with submission of tender.

In addition to other provisions in the Bid Documents, the lowest or any Bid will not necessarily be accepted.
