

Municipality of *Bluewater*

Cooling Stations Available

A heat warning has been issued for many parts of southwestern Ontario.

Environment Canada reminds us all:

- Extreme heat affects everyone.
- The risks are greater for young children, pregnant women, older adults, people with chronic illness, and people working or exercising outdoors.
- Be aware of the effects of heat related illness, such as swelling, rash, cramps, fainting, heat exhaustion, heat stroke, and the worsening of some health conditions.
- Never leave people or pets inside a parked vehicle.
