

Expressions of Interest Animal Control Services

Lower tier municipalities in Huron County are inviting interested individuals or contractors to submit Expressions of Interest on fulfilling the role of Animal Control Services to multiple municipalities.

In general, the services required will include acting as the local Animal Control Officer for the relevant municipalities, enforcement of local Animal Control By-Laws, assisting the municipalities in all legal enforcement of relevant by-laws, dog licencing, handling of vicious dogs, acting as Pound keeper, and providing an emergency contact for use by the relevant municipality outside of regular business hours.

Traditionally, the local municipality's Animal Control Services also provided for wild-life pest control. Strong consideration will be given to those who express a capacity to handle these needs as well.

Expressions of Interest should elaborate on the capacity to handle the above noted circumstances, and any other relevant services offered by the respondent.

Based on the Expressions of Interest received, an inclusive Request for Proposal document will be distributed.

Expressions of Interest will be received on behalf of the lower tiers by the undersigned no later than noon on Friday, October 22, 2021.
